

TARGET IMAGES

Website Design and Development

1. Design is subjective, and for this reason we offer 'unlimited design revisions'. This means that we will continue to work with you on your design concept until you are happy with our proposal. The unlimited design revision period ends when the client accepts the design proposal and home page draft. Design changes beyond this point are subject to additional charges.
2. Design and layout changes to the internal pages of the website are subject to restrictions.
3. Target Images will provide the client with an expected completion time frame for the project if requested. In order to provide a completion date a final list of changes is needed from the client.

Hosting

1. Target Images will provide a reliable and professional service to the client at all times, excluding unavoidable technical failures.
2. Target Images hosting is monthly renewable.
3. The monthly hosting charge must be received within 14 days of the hosting invoice date. We reserve the right to deactivate any website when the hosting payment has not been made. We reserve the right to charge an administration fee of £50 for reactivating the website/hosting.
4. Target Images reserve the right to delete the website from our servers 3 months after the date your hosting expired if you choose to not renew the hosting.
5. Target Images do not take any responsibility for a client's website rank on search engines. This also includes any potential website downtime that can occur. When updating, changing, creating and hosting a client's website, there could be a change in the website's search engine ranking.

Domain Names and Links

1. If required, a domain name will be registered by the client. The client is the legal owner of the domain.
2. Domain names require yearly renewal and is the responsibility of the client to maintain these renewals. Target Images accepts no responsibility for loss of domain names.
3. Target Images provides links or references to our client's websites solely for the convenience of prospective customers and intends that the links it provides be current and accurate, but does not guarantee or warrant that such links will point to the intended client site at all times.
4. We place a small text link on the footer of our client's website that simply states the website was designed by Target Images and links to our company website.
